About COMPANY

We are a unit specializing in providing comprehensive and optimal Heat Exchanger Solutions for businesses in many industries. We understand that using energy efficiently and improving the performance of production systems is not only a goal but also a vital factor for sustainable business development.

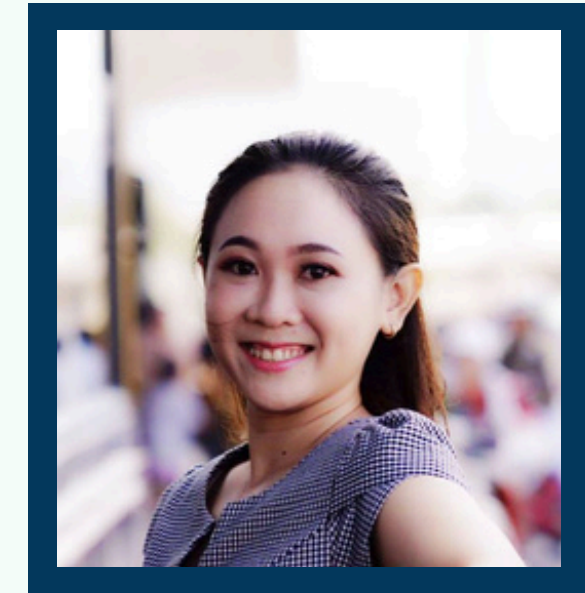

Our TEAM

The personnel at Ly Tien Thanh comprise highly qualified engineers, technical specialists, and sales staff with many years of experience in the refrigeration, HVAC, Foods & Water and related fields. We pride ourselves on our ability to deeply understand the specific needs of our customers and provide efficient, energy-saving solutions.

**MR. NGUYEN HUU NGHIA
(THOMAS)**
Sales Manager

MRS. NGUYEN THI MONG TRAM
Director

VISION

To become a leading heat exchange solution provider, known as a symbol of **technical reliability** and sustainable **energy optimization**, minimizing energy costs in industrial production, minimizing greenhouse gas emissions to protect the environment for future generations.

MISSION

- **Optimizing energy use to improve production efficiency:** by minimizing heat loss, making full use of excess energy, it will ensure stable system operation, reaching the highest capacity with lower operating costs.
- **Environmental protection:** Reduce emissions and resource consumption thanks to modern technology.

CORE VALUES

All activities of Ly Tien Thanh are built on core values:

- **Integrity:** We operate with consistency in all activities of the organization, building strong trust with customers and partners.
- **Innovation & Improvement:** We constantly learn and update new technologies and knowledge to improve our team's capacity and product/service quality.

- 
- **4-way win-win:** Ly Tien Thanh believes in a sustainable business philosophy, creating common value for the entire supply chain:
 1. Customer benefits
 2. Benefits for suppliers and partners
 3. Benefits for the business itself
 4. Benefits to society

SOLUTIONS

1

Industrial Applications: Steam hot water heater system, lubricating oil cooler, hydraulic oil cooler, Flash Steam Heat Recovery...

2

Food Applications: CIP heater system, Beer Wort Cooler, Milk cooler & heater, Beer and beverage pasteurization system...

3

HVAC: Chiller condenser protection, Swimming pool and massage pool heater, HVAC system for factory, HVAC for buildings and apartments...

4

Fibers & particles products: Sugar factory evaporation system, Juice cooler with seeds, Puree Cooler, Wastewater heat recovery system.

5

Refrigeration System: CO₂ evaporator, NH₃ evaporator, glycol chiller system with deep cold temperature...

Our SERVICES

- **PLATE HEAT EXCHANGE (PHE) MAINTENANCE SERVICES:** Ly Tien Thanh provides comprehensive PHE maintenance, repair and maintenance solutions, helping your business restore equipment performance to near-original condition.
- **SYSTEM INSTALLATION SERVICES:** Installation of heat exchange systems, Technical consulting and supervision, Testing and commissioning, Maintenance and after-sales service.

OUR ADVANTAGE

For Suppliers & Partners:

- 1, Convenient location near My Phuoc, VSIP, Bau Bang Industrial Park...
- 2, Increasing brand recognition on Website & SEO
- 3, Cooperate to improve product & service quality.

For Customers:

- 1, We have high professional experience in designing heat exchange systems.
- 2, We provide global brand quality products.
- 3, We have experience in performing heat exchange system & maintenance services.
